President's Report

■ Dear Breeders and Racing Enthusiast.

Welcome to the 2014 Stallions edition of our Sunspeed magazine.

The strength of the WA breeding industry is dependent upon the depth in quality of stallions standing in our state. Quality stallions attract quality mares. We have had a number of new stallions commencing stud duties over the last 2 seasons and this makes for exciting times as their progeny approach racing age. We have also had several studs announcing new stallions for this coming season and I know we have other stud masters and agents working feverously to acquire more quality stallions. Your support of our local stallions is critical to our industries future.

With this in mind, we confirm that TBWA have recently submitted and had approved by RWWA a proposal for a modification to Westspeed which we believe will support the WA bred product and further underpin the sustainability of our industry. We haven't looked or asked for short term hand outs, our drive has been to develop a model which will encourage investment by breeders in quality, with the prospect of a return through the sales ring. Our proposal looks to further reward owners who race the WA bred product through the Westspeed scheme. Therefore encouraging investment by breeders in Stallions and mares.

The outcome: From 2017/2018, Westspeed eligible 2 year olds by a WA nominated stallion will race at Saturday metropolitan meetings for an additional \$15,000 bonus paid to the owner. In addition, fillies and mares that win a black type race in WA will be entitled to a subsidy when sent to a WA nominated stallion on retirement to stud. Subsidies will vary from \$7,500 to \$15,000 dependent upon the level of black type the filly or mare achieves. Our aim is to keep quality mares in WA to be bred to WA stallions and not have them sold to the eastern states upon retirement. Neither do we want to discourage breeders from upgrading their product, so we have included a breed back component. WA Breeders that buy mares in foal to interstate stallions will have the progeny upgraded to be eligible for the additional bonus when bred to a WA nominated stallion the subsequent season.

In each Sunspeed Magazine I mention and thank the work of my committee. In this edition I'd like to make special mention of Allan Young who we tragically lost on his property in Hopeland on Thursday 22nd May. Allan's belief in the WA racehorse and industry was unwavering. His energy and drive seemed limitless. His production of statistics never ending and the ground work he undertook on our Westspeed proposal fantastic. Allan and I often had differing views,

but we always respected and considered each other's opinions. Allan understood that for our industry to survive and prosper, we need to work together as an industry. Allan will be greatly missed by not just our committee but the entire industry. Our thoughts are with his family.

We have undergone several changes on the committee over recent months and I'd like to take this opportunity to welcome Brian Collison, Ron Sayers and of course welcome back Gray Williamson. Each of these gentlemen bring skills that will be welcomed and utilised moving forward.

It was great to see the strength of the local buying bench at our February sale. Western Australian buyers again dominated and we can't express how thankful we are for their support. It was also great to see the strength of the locally sired yearlings on day one of the sale, to average higher than the interstate bred yearlings was a fantastic result and a testament to the hard work of our breeders that understand that quality sells and is the key to our future.

Thoroughbred Breeders Australia. Chauncey Morris has resigned as CEO and will be returning to America for family reasons. In addition, Trevor Lobb has resigned as Chairman due to work commitments and has been replaced by Basil Nolan. The efforts and hard work by Chauncey and Trevor have been appreciated by all involved at TBA and we wish them well in the future. The recruitment process for a new CEO has commenced.

Thank you to our committee and specifically Amanda and Grant for this edition of Sunspeed.

I wish you all every success as we start the process of breeding WA's next Australian champion racehorse.

All the best.

Thoroughbred Breeders WA

Industry benefits from Westspeed enhancements

The recent announcement by RWWA to increase Westspeed bonuses to horses that meet the criteria of being WA bred is just another piece of the puzzle which we believe makes racing horses in WA better than anywhere else in Australia, particularly when racing the WA bred product.

Attendees at the breeders' seminar held by Thoroughbred Breeders WA in July 2013 agreed that several areas needed to be addressed for breeding to survive in WA and then prosper. Firstly, there was the acknowledgement that the racing and breeding industries are dependent upon each other, both need to be strong for each other to prosper.

The following was also agreed by the majority.

- Breeders need to work together as an industry as New Zealand and the Hunter Valley breeders often do.
- Breeding a high quality product is critical. It's supply and demand. If we produce a quality thoroughbred, we will meet the needs of our local market.
- We need high quality stallions standing locally. Ideally 5 or 6 in the top 50 sires list in Australia.

This upgrade to Westspeed assists both the breeding and racing industries. When preparing our submission to RWWA, TBWA reviewed bonus schemes from interstate and overseas. Our thanks for this ground work must go to Allan Young and Grant Burns. On review of this information we formed the view that to underpin the sustainability of the local breeding industry we needed to ensure medium and long term investment. Breeders generate income to upgrade their broodmares and stallions from sales and through stakes money (as major owners themselves).

We established that to improve the depth in quality of the local product we needed to support investment in quality stallions and broodmares and encourage breeders to keep mares in WA to be bred rather than send them over East. This we believe was best done by encouraging investment in our product, through the sales ring.

Based on the stakes proposed for the 2014/2015 season, the following is the total of stakes money and bonus payments for the WA bred product by a WA nominated stallion when the first progeny hit the track from mares to be served this year. These 2YO's will race in the 2017/2018 season.

Stake Returns

1)	2)	3)	4)
A Saturday metropolitan race next season. 1st place Winning stake	A Saturday metropolitan winner plus standard Westspeed. Plus \$15,000	A Saturday metropolitan winner plus Westspeed and by a WA nominated Stallion. A further \$15,000	A Saturday metropolitan winner plus Westspeed, Westspeed Xtra and by a WA nominated stallion
Total return \$38,400	Total return \$53,400	Total return \$68,400	Total return \$75,900

At \$75,900 to the winner, Westspeed horses from WA nominated stallions will compete in races on Saturdays at Metropolitan meetings for race stakes equivalent to \$116,000 every time they race.

■ PROPOSED BONUSES

● Fillies & Mares

A WA owned filly or mare that wins a group race in Western Australia

- A subsidy will be paid to a West Australian based breeder of 100 per cent of the advertised service fee to a maximum of \$15,000 for the mares first season as a broodmare.

A WA filly or mare that wins a Listed race in Western Australia

- Subsidy to a West Australian based breeder of 50 per cent of the advertised service fee to a maximum of \$7,500 for the mares first season as a broodmare.

Payment would be made to the contact breeder registered with the Australian Stud Book upon lodgement of the first mare return. Mares are only eligible to accrue a single subsidy, irrespective of the number of group and listed races won.

■ WESTSPEED INCENTIVE

The Westspeed Scheme was introduced in 2000 as a vehicle to promote Western Australian breeding but in recent years there has been a trend for WA-based breeders to send their better quality mares to interstate studs to access quality stallions available. As a result the Westspeed Incentive Scheme will provide an additional owner's bonus of \$15,000 for a prime metropolitan win achieved by a horse out of a mare that is at least 50 per cent owned by a Western Australian breeder and sired by a nominated Western Australian based stallion.

Stallion owners will be required to pay an annual nomination fee equivalent to their advertised service fee or a minimum of \$5,000, whichever is greater to be a WA nominated stallion.

All other tiers of Westspeed remain unchanged with the exception that from 1 August 2015 to be eligible for any category of Westspeed, the horse must be at least 50 per cent owned by a Western Australian breeder at the time the mare foals.

● Breed back Option

Upgrading the quality of our thoroughbreds from interstate and overseas remains a critical component to the future of WA breeding.

We have therefore included a breed back option as part of this increased Westspeed bonus. Breeders that purchase mares in foal from interstate or overseas and send those mares to a WA nominated stallion the subsequent year will have the progeny from the mare that they have purchased in foal upgraded to qualify for the additional \$15,000 bonus. This will be identified in the sales catalogue.

We look forward to industry support for this initiative, an influx of quality stallions and the retention of our better quality fillies and mares in WA.

Congratulations

Our congratulations go to the connections of the following value for money WA bred and purchased horses who have won Group and Listed races in Perth this year.

Allan Young

Western Australia's racing and breeding communities lost a well-respected and passionate supporter earlier this year, with the tragic loss of thoroughbred breeder, Allan Young of Kintore Stud. A long standing contributing member of the Thoroughbred Breeders Committee, Allan had a strong belief in the WA racehorse and the industry. His energy and drive was limitless and his production

of statistics never ending. He was a kind, articulate, intelligent man, unwavering in a challenge of a pedigree discussion with fellow breeders. His vast breeding and racing knowledge was well served as a representative on the Pattern Committee.

In his earlier days Allan, was well-known in the Goldfields after operating a tour business for many years next door to the Palace Hotel in Hannan Street. He was a Life Member of the Kalgoorlie-Boulder and Coolgardie Racing Clubs and a tireless contributor to Kalgoorlie's

Tumeric 2003 Perth Cup Winner.

racing administration. It was here that he enjoyed his first major racing success with Vornette (Zvornik) in the 1980 Hannans Hcp.

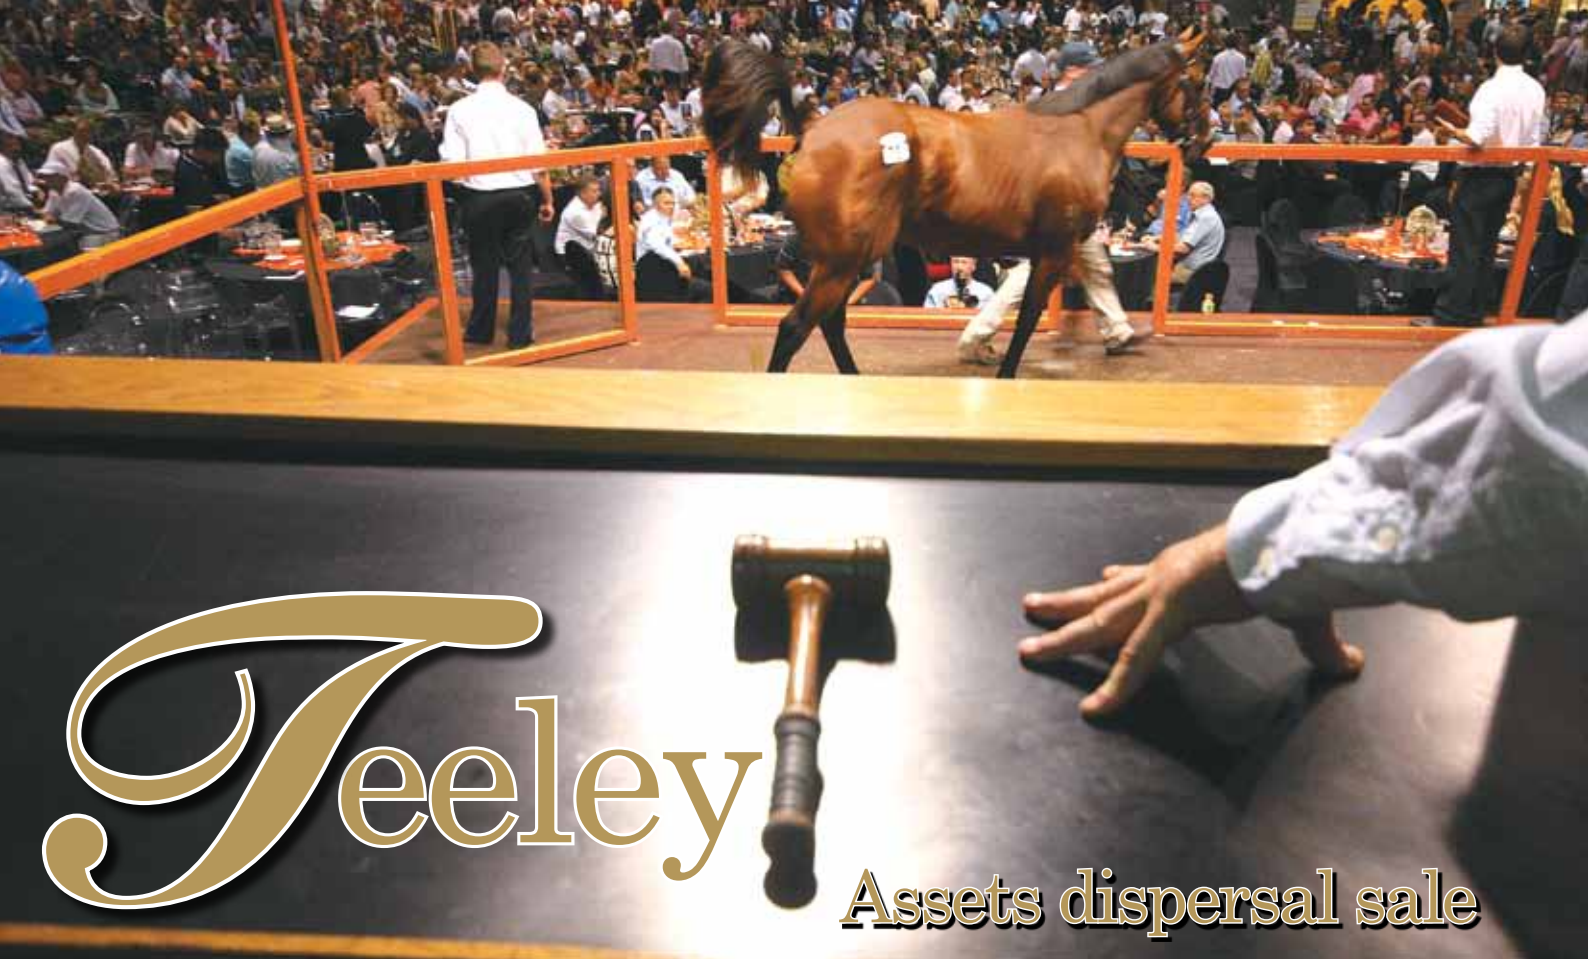

The 2003 Perth Cup win of Tumeric was a huge highlight for Allan who not only raced the horse, but bred and raised him off his Serpentine property. Tumeric was by Old Spice out of the mare Goldie's best (Semipalatinsk) and won 13 times and earned prizemoney in excess of \$500,000 from his 72 start racing career. In more recent years, Allan's homebred mare Rosie Rocket (Blackfriars) earned black-type victories in the La Trice Classic and Starstruck Stakes at Ascot. Always with an eye for a bargain, Allan purchased her dam Rose For Jodi (Scenic) for just \$4,750 at a Perth Magic Millions Mixed Sale in May 2006. Grand Crusade, Redwood Rose and Fair Achiever were other recent winners bred at Allan's Kintore Stud a farm well known for producing winners. As Allan would say to all his friends, fellow breeders and buyers, (with a cheeky smile) his property gave him the advantage over many others as he had "the winning grass".

Allan was very thorough in his decision making process when it came to mating's and purchasing bloodstock. His long love affair with the breeding industry and vast knowledge of pedigrees became a passion to breed successful racehorses. A shareholder in successful stallion Trade Fair and with a small band of well selected broodmares, Allan's Kintore Stud had established a

reputation for breeding many a quality racehorse.

Allan knew that for our industry to survive and prosper, it needed to work together to improve and support our local product. He was respectful of others opinions and although often faced with opposition to his differing views from others, he never wavered from his commitment to his beliefs. It was Allan's instigation and drive that laid the foundations of a Westspeed Review proposal submission to RWWA. Allan recognised that the Westspeed Scheme lacked an incentive for breeders to support their local stallions compared with scheme's offered in other states and Allan was convinced that the only way to improve the quality of the stallions standing in WA was by making them more attractive in the sales ring with the introduction of a bonus Westspeed Stallion incentive payment at the races. The TBWA committee supported Allan's concept but agreed that the proposal would need to be thoroughly planned and researched, with the proviso that no party would be disadvantaged as it currently stands. TBWA recognises the many tireless hours Allan put into this proposal and will forever appreciate the efforts contributed by Allan in initiating the introduction of a WA stallion based incentive scheme adopted by RWWA for the coming seasons.

A huge loss to not just the TBWA committee, but to our industry, Allan who was a friend to so many will be forever missed.

■ From the moment managing director of Magic Millions Vin Cox made the announcement that Mr Muzaffar Yaseen (who's breeding empire trades under the name of Teeley Assets) was to disperse his entire breeding stock at the 2014 Gold Coast National Breeding Sales Series, all those in the industry knew, it was going to be the sale of a lifetime.

Firstly just a little bit of background knowledge. In 1994 Mr Yaseen purchased a yearling filly by Canny Lad from Dancing Show, the top priced lot of the Melbourne sale that year for \$220,000 (with John Messara as the under-bidder). Named Shantha's Choice, the filly won a race in Melbourne but an injury forced her early retirement and in the spring of 1995 she was bred to the emerging super-sire, Danehill. The resultant foal was Redoute's Choice and he was followed by two more Group One-winning colts, Platinum Scissors and Manhattan Rain, Group 3 winner Sliding Cube and stakeswinner Echoes of Heaven. All were retained and raced by Mr Yaseen, who remains a co-owner with Arrowfield of the now champion sire Redoute's Choice. Mr Yaseen was mainly interested in racing, but when Redoute's Choice retired to stud, he needed to support him with mares and over time it was Redoute's Choice himself who both funded and encouraged the establishment of the Teeley Assets broodmare band.

Fast forward to the Gold Coast Magic Millions Sales Complex on 28th May 2014, day four of the sale and with 100 lots sold already for this particular day, you would expect as auctioneers it would be just business as usual

as the next horse walked up the ramp. However on this day it's fair to say there were a few nerves or butterflies amongst us which was probably due to the excitement and anticipation of what was about to unfold.

As she walked into the ring at 1.29pm, CAFÉ SCIENTIFIC a More Than Ready daughter of Monsoon Wedding the sister to Redoute's Choice, would have the honours of being the first of the Teeley mares to go under the hammer and she didn't disappoint. After spirited bidding around the ring she would be knocked down to Henry Field of Hunter Valley nursery, Newgate Farm for \$650,000 and this first young mare set the tone for what is very rarely seen at a broodmare sale. Normally quite a noisy auditorium at the Gold Coast, most buyers and spectators had found their way into the sale area and sat there in almost silence, in fact most people just sat there in awe as these bluebloods walked in and out of the ring over the next couple of hours.

It didn't take long, in fact it was just the third of the Teeley mares that walked into the ring that would surpass that magical million dollar mark. A stunning Encosta De Lago daughter of Sliding Cube named DRIFTING CUBE who is a sister to Rubick took the honours as the first of the million dollar mares when sold to American buyer John Sikura of Hill 'N' Dale Farm. Standing alongside Australian based agent James Harron, this would be the first of two million dollar mares John would purchase for his Hill 'N' Dale Farm to take back to his beautifully set up 1300 acres of prime Kentucky bluegrass in America.

There were many stars of the show with 10 lots selling for in excess of the million dollar mark. Quotes from the rostrum were thrown out there like "this is like buying fine art", "these mares are investments, they don't lose their value" and "once you have

her, nobody else can" and so on and they were all true, these mares after all were like fine art on legs!

Monsoon Wedding.

Coolmore Stud had the honours of picking up the top selling lot of the draft and they had to fend off some strong competition going to \$2.3 million for the glamorous MONSOON WEDDING. This is a mare every breeder would love to own, she is a stunning looking type, is a Group performed sister to Redoute's Choice, has produced 6 to race of which all are winners, 4 of them are stakes horses and she was in foal to Pierro – quite simply, she had it all! The Coolmore team picked up 5 mares in total and would also be very satisfied with the purchase of ESTELLE COLLECTION for \$1.4 million who was always going to be popular being the dam of arguably the fastest horse in the world LANKAN RUPEE.

Newgate Farm were the leading purchaser from the Teeley draft with Henry Field and his clients purchasing 5 mares for over \$5.5 million. New Zealand based agent Dean Hawthorne picked up 4 lots for a his clients for just over \$2.4 million and American based Stonestreet Thoroughbred Holdings secured 2 quality mares for \$1.2 million which included the princess herself, MIRACLES OF LIFE. The international interest is such a great advertisement for the Australian product, knowing buyers from around the globe respect out breed so much and all up 14 lots were signed for by international buyers. Whilst 'the out of towners' certainly made their presence felt, at the same time the locals showed their strength too and it was great to see so many of these amazing mares staying here in Australia.

Two and a half hours after CAFÉ SCIENTIFIC had walked into the ring to begin the sale the gavel came down for the 57th time in a row as the Teeley Assets Dispersal Sale came to an end. Every one of the 57 lots was off to a new home with over \$23 million in breeding stock sold. All up ten million dollar plus mares went through the ring from this one draft - something we may not see at an auction for many years to come. We are sure to see mares and daughters from this great family go on and produce for many seasons to come and whilst a dynasty of one breeder may have ended, these families will go on for many generations to come. It was a pleasure for all involved at Magic Millions to be entrusted with the sale of this once in a lifetime draft and as an auctioneer it was an honour to be given the opportunity to stand up there and bring down the gavel on these 'blue hens' of our breeding industry.

Precious Lorraine.

Paula Wagg

Overcoming the nettles of life

By John Elsegood

Paula leading "Kim Angel".

■ **As a horse mad young girl growing up in Derbyshire, England, Paula Wagg was always involved with horses.**

By the advanced age of eight she was fortunate enough to have her own pony and at 13 she was hunting and show jumping with the best of them.

As a horse mad young girl growing up in Derbyshire, England, Paula Wagg was always involved with horses.

By the advanced age of eight she was fortunate enough to have her own pony and at 13 she was hunting and show jumping with the best of them.

A decision by her father John to uproot the family from the UK to Perth, two years later, in 1970, was not a popular decision with the young teenager. Paula was once thrown into a bed of nettles – a painful experience but perhaps a good experience for someone making a career with horses, an up and down world at the best of times, often

with pain. Determined that she was no longer going on with schooling Paula's first job was on the Wongan Hills farm of Bill and Christine Slater – prominent show jumping riders who farmed in the Wheatbelt.

For a 15 year old in a strange country it was a lonely existence.

"They were hard on me and it was a bit scary as I was often on my own," Wagg recalled.

On one occasion, left alone on the property, she ended up on a 'bolter' after she decided to ride it bare back with only a halter and lead rope for support. "It leapt over a gate but fortunately I stayed on." It was also fortunate that a potential nasty accident was avoided. Deciding to return to parental care after six months away the young Paula took a job as an instructor in Wyandra Riding School. Low pay and one day off per fortnight saw her switch to John O'Connor's racing stables at Helena Valley for a couple of years. It was here she learned to switch from riding long to riding short. "It was great to make like a jockey," she recalled, in an era that where such an occupation remained closed to females. After O'Connor closed his stables she moved to Tibbradden, with Kevin Moore, and at 19 became the first female to get a track riding licence.

Metaphorically speaking, the stable door was slightly ajar and Ms Wagg was about to be the WA 'bolter' that would crash it wide open for all of her gender to follow.

But by the time WA Racing licensed female jockeys, Wagg was in her twenties and was considered too old to do the conventional apprenticeship. However, being an amateur rider, she was phased into the system by riding in 10 barrier trials. With the bit between her teeth 'Pioneer Paula,' inspired by NZ apprentice Linda Jones, was determined to be the first female race rider in WA competing on equal terms with the men. If it all seems so easy now it is worth examining some of the comments at the time. Former top rider Malcolm Johnston and top trainers Tommy Smith and Bart Cummings were all strong critics some 35 years ago.

"Better off in the kitchen," "...not built to be jockeys,..." "horses would just play with them" was Johnston's considered judgement at the time. Smith said "male jockeys would beat a woman just about every time." For Cummings it was a "retrograde step."

Racing journalist, Tony Arroll (The Australian, 1/12/79), wrote that demands for women riding against men was an "unrealistic situation fast becoming a big yawn." While Arroll paid tribute to Linda Jones quickly winning a Wellington Derby (NZ), after winning her right to compete equally, he mentions her success had not led to principal

Paula aboard "Black Gossip"

clubs being besieged by applications. He concluded by saying this was "unfortunate for those young lads contemplating a career as a steward when such incentives as body searching for batteries are not as great as first imagined."

In today's era of political correctness Arrol's head would be on a pike, outside some star chamber, for those

comments. Further, as a former WA chief steward Fin Powrie recalled, the advent of female jockeys saw the introduction of the airport wand being used. There was no hands on frisking.

Still the ribald humour was standard fare for the times and it was a barrier that Paula, and other 'jockettes' (yes, the term was used), had to crash through.

Paula would have some revenge on Johnston on 28 December 1981 in the Plantagenet Handicap (1000m). Winning on outsider in Wynton Lad she relegated Johnston to third on the odds-on Stage Above.

Some of the wags on the other side of the fence didn't let the visiting top NSW hoop forget with plenty of jibes about being beaten by a girl. The Wagg in the saddle enjoyed their comments.

At the same meeting Paula won on another 'roughie' Lord Carmelayne in the Freeway Graduation (1200m).

In moving from a 'powder puff derby jockey' (races restricted to female riders) to a fully fledged rider, in August 1979, meant that Paula had to relinquish her training licence.

Despite winning at Northam, in her second race ride, it was not easy to gain acceptance.

She gained rides from her boyfriend at the time, trainer Paul Garner, but jumped at an early chance, with friend Irene Pateman, to ride in Malaysia.

It was arranged by Chief Steward Bill Anderson and they were the first female jockeys to ride in Malaysia. The affable WA 'stipe,' Terry Dowe, 'got the gig' to chaperone the two riders. Unfortunately, after arriving, the luggage went missing for 24 hours and Dowe and the two female jockeys were also given one room with three beds! An interesting situation for the senior steward who implemented a strict no-peeking rule! There were plenty of giggles from the girls. In Malaysia it was the local stewards who selected them rides from trainers who were happy to have female riders. One such trainer was champion leading trainer Dato Teh Choon Beng, a winner of some 80 Cups and 22 times headed the trainers prize money list for Malaysia/Singapore and was a winner of 13 Trainers premierships. Wagg was successful for him and the Auric Stable galloper Sheringham, in a Singapore Derby Trial and then went down by a head in the Singapore Gold Cup on the same horse.

"I was the first woman to ride in the Cup and I thought I

had won it. It was such a disappointment when I looked up to see I was second." The irony was that she was beaten by another WA hoop, Gerry Donnelly, on Tama Singapura.

On a temporary visa she chalked up 27 winners and was seventh on the jockeys list.

"I was impressed with the professionalism of trainers and the way the horses were looked after, with one strapper per horse."

It surely was a tad ironic that in a Muslim country like Malaysia the two female jockeys were so regularly accepted. Even odder, the advance publicity had photos of Paula wearing a bikini in the Malaysian press.

Resuming in Perth, after her 18 months sojourn in Asia, she received another disappointment - the Black Gossip disqualification. If Bill Anderson had been a help in advancing her riding career in Asia the Chief Stipe was to become Wagg's bête noire at Belmont. The WA Breeders Champion Stakes, for two year olds, was the race and because Ascot was undergoing reconstruction in February 1982 the race took place at Belmont.

Black Gossip came to hand early and produced two impressive wins after a first up fourth for trainer Dave Hart and Wagg. Black Gossip flew out of barrier 10 and quickly crossed to the rails. Main rival, Rare Flyer (JJ Miller), was involved in a scrimmage 50m after the start that saw the Reg Rayment trained chestnut drop towards the rear.

For home Black Gossip led by a length and a half and extended that lead to win by three and a half lengths from Rare Flyer with Blue is Beautiful, third. Wagg and her mount received a standing ovation returning to scale.

However protests were fired in by Miller and also Rod Kemp on Half a Point (fourth) for interference caused shortly after the start. After a lengthy hearing Stewards disqualified Black Gossip and Rare Flyer was awarded the race with Blue Is Beautiful second and Half A Point third.

Veteran racing writer Ernie Manning called the

Linda Jones & Paula Wagg at Moonee Valley.

disqualification “bizarre” and Fin Powrie, with his wealth of WA and international stewarding experience, said the disqualification was the “wrong decision.”

Black Gossip won a further two races, with Paula in the saddle, but did not progress as expected.

She rode for another 10 years after that sensational race. But after a fall, caused by a loose horse, she remembers when she hit the dirt she couldn't move and had a suspected broken neck.

“I remember being terrified, waiting for the x-ray results, while in hospital. I was really relieved when it was all clear and although I returned to riding I don't think I ever rode the same after that.”

The decision to retire was also prompted by constant dieting. “I was not a natural lightweight and so I decided to turn back to training something I had done when I was in all female races.”

It perhaps is ironic that in her career Wagg generally received better rides in Malaysia than in her adopted home State.

As Jesus said in the Gospels, “no prophet is welcome in his home town,” and ditto for female racing pioneers. Nevertheless, as an original, Paula was invited to Government House, Perth, in 1987, at a function where HRH Princess Anne was the special guest. The pair had an animated conversation, over lunch, discussing their mutual equine passions. “It was fun and it ended when I had to go and ride a slow one at a mid week race,” she said.

HORSES AND RIDERS

Although never a big trainer Wagg has produced some good horses and her two classic winners Kim Angel and Balmont Girl are her best.

Kim Angel was the 1998 WA Derby winner after running fifth in the Oaks that year. Balmont Girl won the Oaks this year before running fourth in the 2014 WA Derby.

Kim Angel was a class act winning 11 times with 11 places (nine of those seconds) in a 31 start career. Rated a strong chance to win both the Oaks and Derby in 1998 Kim Angel ridden by Jason Sharp got into a scrimmage in the former race and finished fifth after being 11th on the turn.

With Paul Harvey aboard, for the Derby, Kim Angel, fifth on the corner, powered home to win easily.

*“Balmont Girl”

In 1999 the mare won five races in a row when ridden by Paul King. “Paul was a good rider and very professional. He was prepared to do track work on her and accept the ride if there was an opening. He really got on well with her and being prepared to do the track work meant he became the regular rider in that period,” she said. Shaun O'Donnell, a rider Wagg rates highly, had Balmont Girl in the same position on the turn before comfortably accounting for the Oaks opposition this year. Although the double once again eluded Wagg, when Balmont Girl ran fourth in the Derby, her filly remains a work in progress.

With four wins, four seconds, and two thirds in her career Balmont Girl will be watched with interest as she comes back to begin her four year old campaign later this year. Her preparation will begin at the end of July. Other good horses to go through her stable included Spirited One, Locus Standi, Lakeside Rythm, Donizetti, Rescuer, Tantra Dancer, Track Jester and Modem for his first four wins.

Spirited One completed a great day for her on 29th November 2008.

Champion galloper Takeover Target had been stabled at her place in preparation for the Winterbottom Stakes and his clash with another champion, Apache Cat.

Takeover Target won a thriller against his arch-rival in a race that race caller Darren McAullay said was the best sprint he ever called. “Takeover Target was a real personality. He would take caps off a person's head and he learned to drink wine out of a glass,” she recalled.

However, his trainer Joe Janiak did not have all the bragging rights that day. In the eighth race Spirited One scored in the Jungle Dawn Classic, having also won the Jungle Mist Classic a fortnight earlier. It was a merry stable that night. Unfortunately Spirited One died suddenly in early March 2012 with her only foal at foot and another due.

Paula has some fine photos of the grey daughter of Verglas in her racing office including a photo of Spirited One being held by her nephew, Brennan Fyans, a person with an Encyclopaedic memory of his Aunt's racing record.

Paula Wagg, the girl from Derbyshire, has come a long way, in every respect, and the journey is still not complete.

Trading Horses Online: Racing into the Future

gavelhouse

Gary Moore - Founder & Director

There are many great ideas shared on how to grow the sport of Thoroughbred racing and the Industry's struggle to attract new and young racing fans is well documented around the world.

While the traditional Auction method will be with us forever, online trading not only brings the Industry in line with current computer age trends, but offers considerable benefits to buyers and sellers. The no commission service, low advertising costs and the ability to reach a wide range of potentially new clients, means the internet is becoming a valuable resource for every small owner and breeder.

The economic environment, in addition to the continued growth in broadband, it makes good sense to capitalise on every available opportunity to expand the sale ring and develop new markets. In downturns, buyers are more willing to search for bargains, and there is no better way to search for a bargain than online.

The researches tell us quite clearly, that people are getting online in droves, so breeders and owners should be embracing technology, to provide an ever increasing accessibility to information on their young and breeding stock for sale. Many horses are bought and sold online that never reach the Auction houses, vendors can list a horse anytime and from anywhere, eliminating costly delays of waiting for scheduled auctions and expensive associated costs.

Exposure creates awareness and now is a wonderful opportunity for Western Australian owners and breeders, to add to their current marketing strategies and use the online platform as an additional selling tool and build their web presence.

Gavelhouse has facilitated in the sale of hundreds of horses for owners, breeders, bloodstock agents and syndicators both locally and Internationally and can showcase your horse online with photos, pedigree page, enhanced text descriptions, race play videos or Stallion vision - the ability to enquire about a horse through emailing the vendor direct

from the website, we believe this to be the most efficient way of communicating in the world today.

An annual Platinum package is also available, to any breeder selling a large number of horses either privately or at Auction and this special offer is not only great savings, but marvellous opportunity for further exposure for any company or Stud farm.

Gavelhouse prides itself on personal service and is committed to providing another option for every owner and breeder, in building long term relationships and creating opportunities for all buyers and sellers across our global network.

Yarradale stud sale

■ Like past editions of the sale, the weather gods decided to be kind as we again saw a beautiful day in the middle of May this year for the annual Yarradale Stud Yearling Sale at Ron and Lyn Sayers' picturesque Gidgegannup property.

This year a reduced catalogue saw just the 33 lots offered after a similar sized draft was sold at the Perth Magic Millions Sale in February and this quality select group of 33 yearlings was well received by the good crowd of buyers in attendance.

The first Australian bred crop of Yarradale sire WAR CHANT (USA) who had been hot property at the earlier Perth Magic Millions Sale where they averaged over \$90,000 selling up to \$250,000 in the premier session, was again going to take the eye of the buyers at the Yarradale Sale. Of his 8 yearlings offered at the Yarradale Sale, all were sold for a 100% clearance with the top WAR CHANT (USA) yearling selling for \$65,000 to the bid of this season's Karrakatta Plate winning trainer, Vernon Brockman. The filly (lot 30) is a daughter of the Moonee Valley winner Shan Dian, herself a daughter of Rory's Jester from this great Cold Fusion family, the family of Rogan Josh, Grand Nirvana, Paradise Park and so many other top performers. A precocious looking type, it would be no surprise to see the man known as the 'Earl' lining

up with her in next season's Karrakatta Plate hoping to make it two in a row.

The top lot of the sale however didn't belong to a yearling by WAR CHANT (USA) but instead it was sired by another son of Danzig, HARD SPUN (USA). Lot 17 was a quality filly out of the former outstanding race-filly HALIBERY, who herself was a Group 2 winning 3YO and a brilliant 2YO winning both the Blue Diamond Preview and Prelude and running second in the Group 1 Blue Diamond Stakes. This filly reached \$70,000 to the bid of top trainer Lindsey Smith and with great residual already she surely looks a nice investment for her new owners.

Lot 21 was the selected lot to be auctioned with the proceeds going to two charities this year and following some spirited bidding leading Serpentine based trainer David Harrison secured the likely type by MUSKET from CLASSIC MISS. Both REDKITE (supporting children with cancer and their families) and the Stroke Foundation were the chosen charities for the sale proceeds of this horse with both organisations doing such great work in our communities. One of the bid spotters at the sale James Mitchell is a young man who is about to set on a huge journey across Mongolia racing in the Mongolian Derby and he too is doing this to support the Stroke Foundation. James who is employed at the Morton family's Queenslea Park who are breaking in the MUSKET / CLASSIC MISS in support of this organisation too, so all in all a great result here for everyone.

All up for the sale, 28 of the 33 yearlings offered were sold giving the sale a very respectable 85% clearance rate with the remaining 5 yearlings all finding homes by being leased on the day too. The gross of the sale was just shy of the million dollar mark reaching \$939,000 at an average of just over \$33,500. Roy Rogers was the busiest man at the sale signing for 7 lots on the day and once again most of the WA's leading trainers made their presence felt getting their names on the buyers list.

As has been the tradition in the past, the sale was again an enjoyable day with everyone relaxed and taking in the Yarradale hospitality with the proceeds of the bar going to charity and those famous Kalgoorlie pasties flown in for the event certainly not going to waste as they were sold out in no time at all.

Thoroughbred Breeders WA Stallion Tender Scheme

The Stallion Tender Scheme was initially aimed at providing smaller breeders with, the opportunity to access a range of stallions standing in WA at a reduced service fee by way of tender, which previously may have otherwise been difficult to negotiate with just one or two mares.

The stallion tender scheme is also an important fund raiser for the Association with much needed revenue, which is used to service the industry and membership.

TBWA would also like to thank the generous Stallion owners who have supported the scheme, by donating the services. Each stallion available for tender will be highlighted on his page with a logo linking him to the scheme and will be offered with a free return – a huge plus for the breeders.

Please consider the stallions listed in your selection process. We have endeavoured to make the selection process easier by featuring detailed information including pedigree, race performance, stud records and progeny performance for each stallion in the Winter Edition of Sunspeed magazine. In conjunction with the magazine, the stallions are also listed on the TBWA website - <http://www.tbwa.net.au/stallions-breeding/stallions/> with access to the latest updates, progeny race acceptances and results, linked to the Arion Stallion Roster.

We wish you luck with your stallion tender. Please note all tenders must be received before **30 August 2014**. **Any stallions not tendered upon will remain open for tender providing they have not filled their book.** Should you require any assistance or further information, please do not hesitate to contact Amanda at the TBWA office on 9277 9880 or email info@tbwa.net.au. We would once again like to thank stallion owners for supporting the scheme. Should you not be successful with a tender this year, please consider all the stallions appearing in Sunspeed Stallions if you are breeding in 2014.

- He has produced the impressive city winning 2YO in Sydney, Stocky.
- Plenty of nicely related foals to come with quality books of mares to him in the past couple of years.
